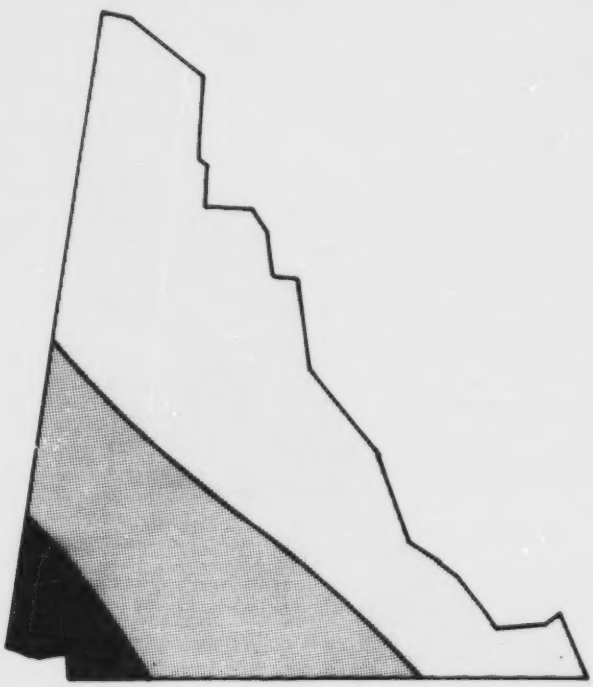
INDEX TO MINING ASSESSMENT REPORTS, YUKON



Canada

1989

90-03165/

This index catalogues assessment reports received by the Regional Manager, Mineral Rights, up to the end of 1989. It was prepared by staff geologists, Northern Affairs, Whitehorse, in cooperation with staff of the National GEOSCAN Centre, Energy, Mines & Resources Canada, and would have been impossible without the expert help of Jacinthe Caron and Bruce Blair (EMR). The assistance of all four district mining recorders in updating records is also gratefully acknowledged.

T.J. Bremner
Staff Geologist
